Trinity County Fire Safe Council  
& Firewise Communities Program

## Fire Science Field Tour April 22, 2015

The Trinity County Fire Safe Council decided to make this Fire Science Field Tour our April meeting, (so no meeting on April 23<sup>rd</sup>). See attached flier for more information.

Please join us for a fire science field tour on April 22 in Weaverville! See the attached flyer for more details.

We will visit sites near Oregon Mountain and near Trinity Lake, and talk about wildfire, prescribed fire, research, and management. Hosts include Tim Ritchey from the Shasta-Trinity National Forest, Eric Knapp with the USFS Pacific Southwest Research Station, David Jaramillo with the Watershed Research and Training Center, and me (University of California Cooperative Extension and Northern CA Prescribed Fire Council). We will also be joined by our friends with the Trinity County Fire Safe Council and the Trinity County Resource Conservation District.

This event is free and open to the public. **To get more information or to sign up, email me at this address by the end of the day on April 20.**

We also have two events planned in Mendocino County this spring: one at the **Angelo Reserve near Laytonville on May 7** to look at the Lodge Fire, and another on **May 19 in Hopland** to talk about fire in chaparral. Please mark these on your calendar and stand by for more details.

Feel free to share this announcement far and wide. Hope to see you soon!
